

GOMobility

GOMobility is a state-wide mobility program offering advice on mobility options for people with physical disabilities.

The Hart Walker Program is part of the services offered by GOMobility.

GOMobility also has a range of paediatric and adult mobility equipment for sale. These include standing frames and positioning systems for sleeping.

Who does GOMobility see?

GOMobility sees people who are investigating various mobility options to suit their individual lifestyle and needs.

GOMobility provides the following services:

- Advice on mobility options
- Prescription of mobility solutions
- Trial of mobility products
- Assistance with funding submissions (where necessary)
- Training in safe use of mobility equipment
- The Hart Walker
- Advice on standing frames
