

# MOBILE EQUIPMENT SERVICE

## What is MES?

The MES is an efficient and professional mobile repair and maintenance service for people with disabilities living in the Sydney Metropolitan area. The MES complements existing services offered by TASC.

## We aim to provide:

- A service to people with disabilities that will ensure they remain as independent as possible by having equipment that is in good working order.
- An opportunity for people with disabilities and their carers to receive advice from skilled technical staff.
- Opportunities to have equipment checked and serviced on a regular basis before breakdown and repairs are needed.

## Who do we assist?

- People with disability of any age
- Families and carers
- Therapists and other health professionals
- Supervisors of disability programs

## What equipment do we service?

- All types and models of manual and electrical wheelchairs
- Scooters
- Walking frames
- Bathroom equipment such as shower chairs and commodes

## How much does it cost?\*

- Call out fee \$44.00
- Hourly rate \$66.00
- Materials are costed at time of invoicing
- Safety Maintenance Check \$25 for manual and \$50 for powered wheelchairs

\* Prices effective June 2004. Prices subject to change without notice. All prices include GST.

**NB:** The MES visits nominated sites across the metropolitan region on a regular basis. For repairs at these sites, there is no call out fee.

... /

## To organise an MES visit

Simply call the Administration Assistant on 02 9975 8472 and we will endeavour to assist you within 48 hours of your request.

If you prefer, you can meet with the MES at one of The Spastic Centre's sites situated in the following suburbs of Sydney:

- Fairfield
- St Ives
- Liverpool
- Ryde
- Sefton

The MES attends these venues on a regular basis. For repairs at these sites there is no call out fee.
